

DALTON·ROSS HOMES INC.

We at Dalton-Ross believe...

in creating comfortable homes that provide sensitivity to our unique desert environment so that our clients feel truly at home in each bright, open space. Third generation, licensed general contractor, Gregg Noel has been building homes in the Lake Havasu City area since 1989. Now with his sons Jay Dalton Noel and Andrew Ross Noel – the fourth generation – the family tradition of fine home building continues.

Dalton-Ross homes are designed to complement the beauty of the surrounding landscape, both inside and out, which is why we use only the most energy-efficient, technologically advanced building materials available and choose the finest local artisans to skillfully put the finishing touches on our homes. This creates a sense of old-world craftsmanship with all the comforts and cost-efficiency of modern convenience.
